

# DELIVERY SCHEDULE

We've been working extremely hard to satisfy all the orders received over the last week but unfortunately have found we can't keep up with demand.

We have therefore decided that we should prioritise help for those people designated AT RISK or have no other way to obtain food supplies.

We thank everyone who has used us for their support & hope you understand our decision to prioritise the most in need.

We're also urgently seeking local volunteers to distribute weekly orders from central drop off points in villages outside of Monmouth. We've found our vans cant access a number of properties we're trying to help which is impacting our capacity to meet demand. \*If you are able to help, please call us on 01600 712005.

## Monday
